# DEAN’S MESSAGE

Welcome to one of the top ranked universities in the world. The College of Education (CEDU) is fast becoming one of the top educational schools in the region with a focus on preparing graduates to become exceptional leaders, teachers, innovative thinkers and problem solvers for the challenging educational and social problems facing the world.

We desire to improve the human condition for children of all ages; for adults in the workplace and in the community; for families; and especially in the educational enterprise for teachers, leaders, and other human service professionals.

The College of Education consists of four academic units: Curriculum and Instruction, Foundations of Education, Special Education, and the Department of Physical Education. Through these academic units CEDU prepares students for exciting careers in teaching and leadership in education and other social/human service agencies.

Our curriculum places a strong emphasis on student centered learning; understanding educational research and the transformation of research to effective and successful educational practices. Our goal is to prepare students with the desire, knowledge, and skills to develop and implement innovative strategies to improve the world through the educational enterprise-through teaching, research, policy analysis, and community service.

I encourage you to explore our website and visit our faculty and staff in the CEDU. If you desire to become an exceptional teacher and/or leader in education or other human service agencies, enroll in the CEDU for a truly rewarding career making the Emirates and the world a better place for tomorrow.

Good Luck and Best Wishes!

Prof. Bernard Oliver  
Dean, College of Education

# OVERVIEW OF THE COLLEGE

The College of Education provides professional programs for teachers and education leaders as well as research, seminars and professional training that address the nation's educational needs. The college was established in 1977 as one of the first four United Arab Emirates University colleges.

There are four academic departments: curriculum and methods of instruction, foundations of education, physical education and special education. The college offers undergraduate degrees to prepare teachers in the primary grades, master's of education degrees for school and curriculum leaders and a doctoral program for research and advanced study.

The mission of the College of Education is to facilitate the continuous improvement of education in the UAE through active and collaborative national and international partnerships. The college provides a learning-centered environment that promotes excellence in teacher education, research and scholarship, community service and program development and active participation in policy development. The College of Education aspires to strengthen its innovative leadership as a center of academic excellence in the region and is committed to preparing teachers and school leaders who demonstrate knowledge, skills and professional attitudes in accordance with globally-recognized education standards.

The College of Education received international recognition in teacher education from the Center for Quality Assurance in International Education (CQAIE) in collaboration with the National Council for Accreditation of Teacher Education (NCATE) in 2005. The first cohort of PhD students began studies in 2012.

"The courses, seminars, internships and field experiences offered at the College of Education provides the students with the practical hands-on experience and knowledge needed in this field of study."

# ACADEMIC PROGRAMS

## UNDERGRADUATE PROGRAMS:

- Bachelor of Education in Early Childhood Education
- Bachelor of Education in Elementary Education (Islamic Studies and Arabic Language)
- Bachelor of Education in Elementary Education (Mathematics and Science)
- Bachelor of Education in Elementary Education (Social Studies and Civics)
- Bachelor of Education in Elementary Education (English Language)
- Bachelor of Education in Art Education
- Bachelor of Education in Preparatory & Secondary Education
- Bachelor of Education in Special Education (Mild/Moderate Disabilities)
- Bachelor of Education in Special Education (Gifted and Talented)

## MASTER'S PROGRAMS:

- Master of Education - Educational Leadership
- Master of Education - Special Education
- Master of Education - Curriculum & Instruction:
  - English
  - Arabic
  - Islamic Studies
  - Mathematics
  - Science
  - Social Studies

## PHD PROGRAM:

- Doctor of Philosophy
  - ▶ Science Education
  - ▶ Mathematics Education
  - ▶ Language and Literacy Education
  - ▶ Leadership and Policy Studies in Education
  - ▶ Special Education

# UNDERGRADUATE INFORMATION

## **BACHELOR OF EDUCATION IN EARLY CHILDHOOD EDUCATION**

This program focuses on preparing teachers to teach in kindergarten. Early Childhood Education (ECE) is a four-year degree program that leads to a baccalaureate. The ECE program emphasizes the preparation of teachers for developing and planning curricula in an appropriate environment for younger learners and in building educational theories that will enhance the student teacher's future work with young children and their families.

ECE students gain invaluable practice through teaching experiences with kindergarten students. The ECE program provides the highest quality developmental program for children from birth to kindergarten. This includes understanding a child's growth in cognition, language, motor skills, adaptive skills and social-emotional functioning.

## **BACHELOR OF EDUCATION IN ELEMENTARY EDUCATION**

This program provides prospective teachers with the necessary theoretical and practical skills to enable them to offer quality education in an elementary school setting. During the four year program, students learn to recognize how their own background and experience shapes their thinking and actions, they reflect on their practices and construct and adapt to meet their students' needs.

The Elementary Education Program provides prospective teachers with a practical understanding of a child's psychological development and growth in grades 1-5. It also educates them about the need to work with parents and other child caregivers in providing the academic, emotional, physical and social support necessary for development and growth. The program gives students the opportunity to select a specialized track within various areas of elementary education. These tracks include Islamic studies and Arabic, mathematics and science, English, and social studies and civics.

## **BACHELOR OF EDUCATION IN ART EDUCATION**

The Art Education Program is designed to prepare art teachers for grades K-9, cycle 1 and cycle 2 according to the classifications of the Abu Dhabi Educational Council (ADEC) and the Ministry of Education. This program is offered in collaboration with the College of Humanities and Social Sciences. The major theme of the program is to prepare highly qualified art teachers as professional practitioners. Graduates of this program can work in public and private schools; work as art directors in sports clubs, art centers and every institution of the National Council for Culture, Art and Heritage. Additionally, graduates can work as graphic designers for magazines, newspapers, printers and advertising companies. Our graduates can also choose to establish their own business or work as professional artists to serve the community and represent the state in many areas of artistic endeavor whether regionally or internationally.

## BACHELOR OF EDUCATION IN PREPARATORY & SECONDARY EDUCATION

The Preparatory & Secondary Education Program is a four-year teacher education program aiming to prepare teachers for grades 6-12 (Cycle 2 and Cycle 3) according to UAE Ministry of Education classification. The majors are the following: Science Education (General Science Education, Biology Education, Chemistry Education, Geology Education, Physics Education and Mathematics Education); Language Education (Arabic Education, English Education); Islamic Studies Education and Social Studies Education (General Social Studies Education, Civics Education, Geography Education, and History Education). Graduates of this program will be highly qualified to teach as professional practitioners in Preparatory & Secondary Education.

## BACHELOR OF EDUCATION IN SPECIAL EDUCATION

Special Education is the education of students in a manner that addresses the students' individual differences and special needs. This program is designed for student teachers interested in providing services to students with special needs. The program provides students with the knowledge, skills and attitudes to become highly qualified special educators who can help students with special needs achieve a higher level of personal self-sufficiency and success in school and in the community.

The study plan includes a combination of academic and professional coursework with field experience in the classroom that prepares graduates for teaching in the real world. The program gives students the opportunity to select a specialized track within the various areas of special education. These tracks include mild/moderate disabilities, gifted and talented education, sensory impairments and severe disabilities.

## ADMISSION CRITERIA

To be eligible for admission to UAEU, applicants must obtain a minimum of 75% on their Grade 12 Certificate. Applicants should also score 150 or above in the CEPA English exam. Additionally, applicants must also have a valid national identity certificate and a valid UAE passport.

Interested candidates should use the common National Admissions and Placement Office (NAPO) application form to apply to UAEU. The form is available from secondary schools, the UAEU Admission Office or NAPO.

Success at UAEU requires proficiency in both Arabic and English. Students admitted to the university are placed either directly into the undergraduate degree program or into the University Foundation Program (UFP). UFP is the bridge between high school and the degree programs offered at UAEU. Your placement in an appropriate level of UFP course will depend on your scores in the UFP placement exams. There are four levels of English, one to three levels in mathematics and two levels in Arabic.

To be considered for direct admission to an undergraduate degree program, applicants must satisfy the following requirements:

- ▶ Proof of English-language proficiency, which may take one of the following forms:
  - A minimum TOEFL score of 500 or 61 IBT
  - A minimum IELTS score of 5.0
- ▶ Pass placement tests in mathematics (algebra and pre-calculus) and Arabic
- ▶ Pass the Basic Skills Test – BST – (thinking skills, writing skills, reading skills & math skills)
- ▶ Pass an interview

*\*Please note that these are the minimum admission criteria, further details can be obtained from the Admissions Department.*

## GRADUATION REQUIREMENTS

The duration of the undergraduate degree programs is approximately 4 years. A minimum of 126 credit hours are required for graduation. Students must complete the program curriculum plan with a minimum GPA of 2.0, including the practicum course.

## INTERNSHIPS (PRACTICUM - STUDENT TEACHING)

The College of Education integrated a mandatory practicum (9 Credits) for all students as part of their bachelor degree program. Through the practicum program, students are guided, prepared and placed in

governmental, private and ADEC schools all over the country. The practicum program adds a significant real-world component to the students' education and provides students with the opportunity to earn academic credit while gaining valuable work experience.

## CAREER OPPORTUNITIES

There are many career opportunities available to students with a degree from the College of Education in both the Abu Dhabi Educational Council (ADEC) and the Ministry of Education, governmental and private schools and special needs centers.

# GRADUATE INFORMATION

### MASTER'S PROGRAM

#### Master of Education

The College of Education offers a Master's of Education Program to improve the performance of teachers, schools leaders and other educational professionals. This program has been designed based on the best international standards, to meet the needs and aspirations of teachers, principals and others in education who are eager to improve and update their professional status.

The program provides candidates with the latest knowledge and skills. In addition, they are trained to design a learning environment in which the learners are at the center of the learning process, along with reflecting on their professional practices and their impact on learners and how to perform leading roles in building constructive, effective partnerships with parents and local communities. In this program, there are three main tracks: educational leadership, special education and curriculum and instruction methods with specializations in English, Arabic, Islamic studies, mathematics, science and social studies.

“My studies at the College of Education improved my communication and social skills with peers and other professionals both within and outside the university.”

**Owaisha Al Kaabi**  
Early Childhood Education, 2nd Year

### ADMISSION CRITERIA

- ▶ A Bachelor's degree or its equivalent from an accredited university recognized by the UAE Ministry of Higher Education and Scientific Research. Or, a Bachelor's degree in a non-education major or its equivalent from an accredited university recognized by the UAE Ministry of Higher Education and Scientific Research, plus a minimum of two years of documented teaching and/or educational administration experience.
- ▶ A cumulative Grade Point Average (GPA) of 3.0 on a 4.0 scale or equivalent, in all undergraduate work.
- ▶ A score of at least 6.0 on the IELTS (International English Language Testing System) Academic exam or equivalent, for all disciplines delivered predominantly in English. This test score must be less than two years old at the time of application, with the following exceptions:
  - A native speaker of English who has completed his/her undergraduate education in an English-medium institution and in a country where English is the official language; or
  - An applicant with an undergraduate degree from an English-medium institution who can provide evidence of acquiring a minimum TOEFL score of 500 on the paper-based test, or its equivalent, at the time of admission to his/her undergraduate program.
- ▶ Successfully pass an interview with the College of Education Faculty Committee.
- ▶ Three letters of professional reference either from a previous employer and/or educator.

Under certain conditions admission into a Master's program may be granted if the GPA or the IELTS score is less than the minimum requirement. These requirements are subject to the general university criteria for admission to graduate programs and may be updated regularly.

*\* Please note that these admission requirements may be subject to change. Please refer to the UAEU website for further details.*

### FEES

The total tuition and application fees for the Master of Education program are AED 57,800 and are based on the followings:

- ▶ AED 1,600 per credit hour (36 credit hours)
- ▶ AED 200 registration fee

### GRADUATION REQUIREMENTS

The Master's of Education Program offers a thesis and non-thesis option. Students are enrolled on a full-time basis and are expected to complete the degree requirements in six semesters (two summer courses are included). Each semester is equal to 6 credit hours with a total of 36 credit hours required for completion. This includes: 9 credit hours of core courses, 15 credit hours of specialty courses, 6 credit hours of elective courses and 6 credit hours of research leading to a thesis or non-thesis (Master's Professional Portfolio). Students must successfully defend their M.Ed. thesis or professional portfolio in an oral exam.

### PHD PROGRAM

The College of Education offers a Doctor of Philosophy. The PhD program was developed to achieve UAEU's ambition to become one of the best research universities in the world. Therefore, the PhD program seeks to assist doctoral students in acquiring and developing their knowledge, skills, and the attitudes necessary to be successful researchers. This will be acquired through offering courses, seminars and independent study. Moreover, students will conduct qualitative and quantitative research studies under the supervision of highly qualified faculty members.

**ADMISSION REQUIREMENTS**

The minimum requirements for admission to the College of Education PhD programs are:

- ▶ A Master’s Degree from an accredited university recognized by the UAE Ministry of Higher Education and Scientific Research, in an area appropriate to the academic area to which application is being made.
- ▶ A minimum cumulative GPA of 3.3 on a 4.0 scale or equivalent, in undergraduate or previous graduate programs at an accredited university recognized by the UAE Ministry of Higher Education and Scientific Research.
- ▶ A score of 6.5 or higher on the IELTS Academic exam, or equivalent, for all disciplines in which the main language of instruction is English or where the dissertation must be written in English. This test score must be less than two years old at the time of application.
- ▶ Two letters of recommendation from professionals familiar with the student’s academic work.
- ▶ In addition to the above, applicants are requested to take the Graduate Record Examination (GRE) and submit the official score, which will be taken into account in the selection of applicants for admission.

*\* Please note that these admission requirements may be subject to change. Please refer to the UAEU website for further details.*

**FEE STRUCTURE**

The total tuition and application fees for the PhD program are AED 144,200 and are based on the following:

- ▶ AED 2,400 per credit hour (60 credit hours minimum)
- ▶ AED 200 registration fees

The fees for the PhD program may be waived for students who receive the University PhD Scholarship as determined by the Graduate Board of Research Studies.

**GRADUATION REQUIREMENTS**

Students must successfully complete 60 credit hours of which 30 credit hours are assigned to dissertation research. Students must also achieve a minimum GPA of 3.3 and successfully defend their thesis in an oral exam.

PhD Degree Requirements	Credit Hours
General Requirements	9
Research Methodology Requirements	9
Specialization Requirements	9
Elective Requirements	3
Dissertation Research	30
<b>Total</b>	<b>60</b>

“The College of Education provides world-class facilities and services, knowledgeable and supportive faculty, and state-of-art research facilities, all of which reassure me that I made the right choice by choosing to complete my studies at UAEU.”

**Shaikha Al Ahabbi,**  
Social Studies and Civics, 3rd Year

# RESEARCH CAPABILITIES

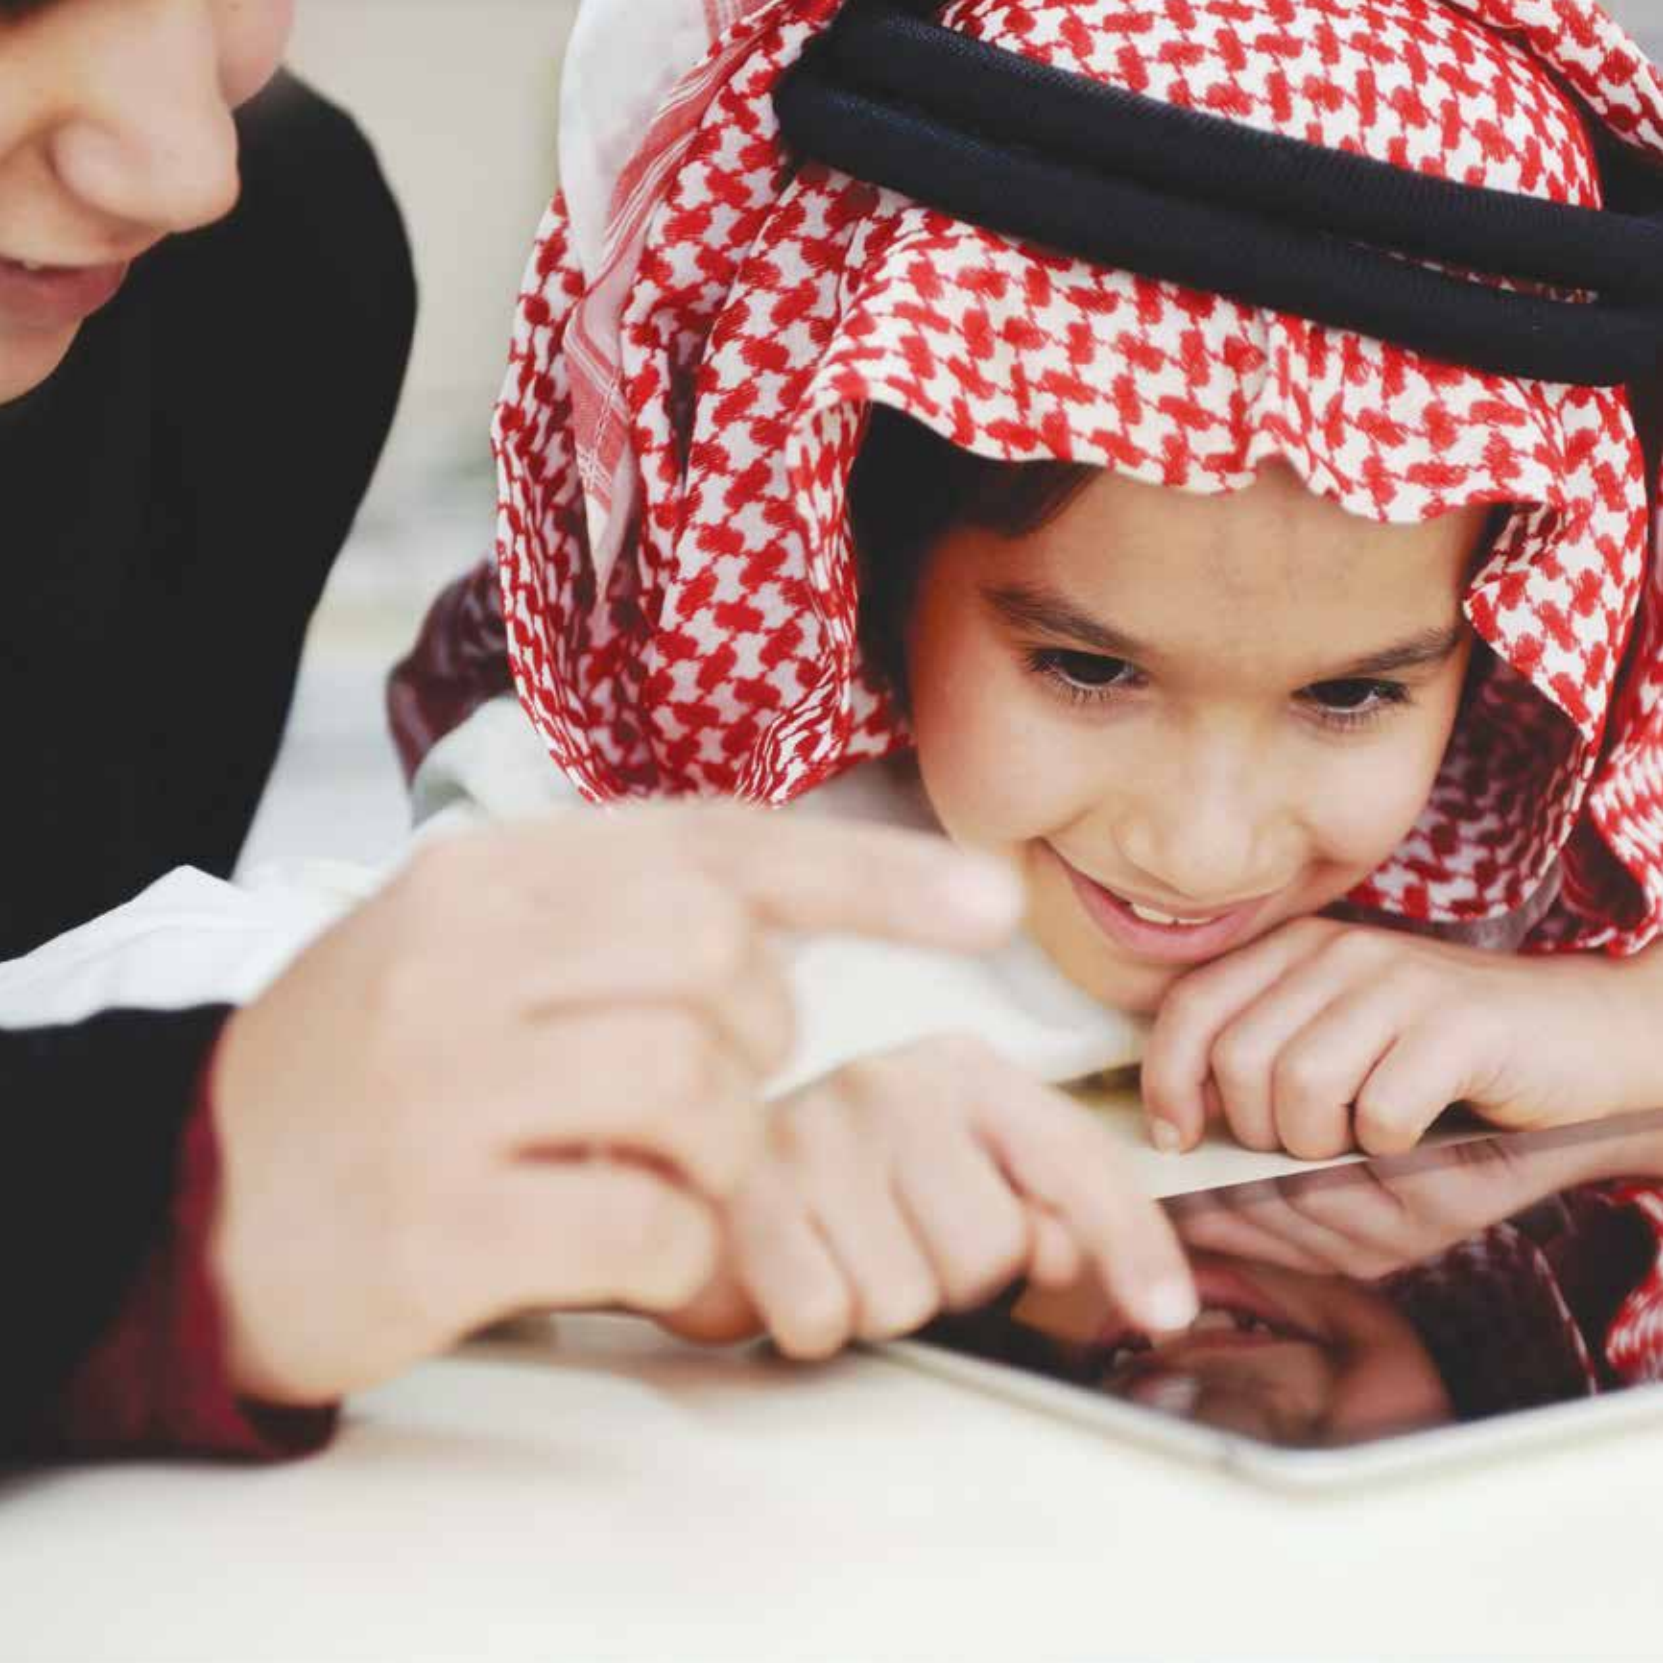

The College of Education (CEDU) is dedicated to continually engaging its faculty members, graduates and undergraduate students in research and scholarly activities that contribute to the knowledge base in teaching and learning within their field of specialization. The CEDU fulfills a broad mission by enriching the faculty and students' research activities by supporting interdepartmental or interdisciplinary collaboration, nurturing faculty research, grant writing and liaising with internal and external funding agencies.

Faculty research interests encompass four major specializations, including curriculum and instruction, special education, foundations of education and physical education. Faculty research interests include, but are not limited to, topics such as teaching and learning in K-12 subjects, curriculum development and integration, literacy, evaluation and assessment, inclusion, teaching and assessing students with special needs, learning disabilities, gifted and talented education, foundations of education, classroom environment and management, educational policy and leadership and curriculum and teaching methods of physical education. Research findings are published in international journals and presented at national and international conferences. CEDU graduate and undergraduate students learn about current research, engage in research discussions, develop research proposals, and undertake research projects and theses through their research, seminars and courses.

The International Journal for Research in Education (IJRE) is published by the CEDU in both Arabic and English. The IJRE is a scholarly, refereed journal that serves educational researchers, practitioners, policy-makers and administrators in the United Arab Emirates, the Arab region and beyond.

# CONSULTANCY & COMMUNITY SERVICES

The College of Education (founded in 1981) is proud to be the first college in the nation to prepare educational leaders, principals and teachers to work in educating UAE students. Since its establishment, the college has been working to serve the community in many ways:

- ▶ Working with the Ministry of Education in preparing the school curriculum.
- ▶ Working with the Ministry of Education in providing professional development for principals and teachers (in-service training).
- ▶ Organizing and participating in the educational conferences, forums, and workshops.
- ▶ Providing consultancy services to schools and other education centers in teaching, assessment, student performance, classroom management, etc.
- ▶ Working closely with educational awarding bodies to consult and to work as reviewers (e.g. Khalifa Award, Hamdan Award, Sharjah Award, etc).
- ▶ Providing special education services to the community through the ARU (Assessment and Remedy Unit) such as: hands-on workshops on instrumentation and the rehabilitation of students with hearing loss. The department also conducts workshops on occupational therapy, report writing, phonetic transcription, documentation, vocal laryngeal massage and vocal function exercises.

“Studying at the College of Education has provided me with a vast knowledge of the subject matter, in addition to ample experience in the real world.”

**Moza Al Kaabi,**  
English Language, 4th Year

# WHY CHOOSE UAEU?

- 1 EXCELLENCE**

At UAEU we focus on the quality of the learning experience for each student. UAEU's "excellence agenda" involves every aspect of the university. Here you will find the finest faculty in the nation, the most advanced technology in the region and the most modern and attractive campus facilities to be found anywhere. Our unrelenting focus on excellence ensures that your degree is highly regarded, both nationally and internationally, and that you will leave the university fully equipped for professional and personal success.
- 2 INTERNATIONAL RECOGNITION**

Based upon our international reputation, the employability of our graduates, and our research productivity, UAEU continues to rank among the best of the world's universities. QS, a London-based international ranking of the world's leading universities, rates UAEU in the top 500. QS also includes UAEU on its list of the top 50 world universities that have been founded within the past 50 years.
- 3 EMPLOYABILITY OF OUR GRADUATES**

Since our programs have been designed in partnership with employers, our graduates are highly sought after by both private and government entities. Our academic programs include not just classroom theory, but also practical internships and research experiences. Our graduates consistently find that their hands-on experience provides them both with the practical skills that employers value and with the connections and relationships that are an important part of the career-building process.
- 4 A SUPPORTIVE LEARNING ENVIRONMENT**

UAEU is committed to providing the support to ensure that every student can be successful. Our support services include counseling, healthcare, IT support, disability support, career services, financial aid, international student services, alumni services, a student success center and a student council. Regardless of the obstacles that you encounter along the way, there is always a mentor, a counselor, or an advisor nearby to help. Each student is provided with an individual academic advisor to assist with the critical decisions and choices that you face along the road to academic and career success.

- 5 A VIBRANT LIVING ENVIRONMENT**

Our goal is not only to give students an excellent degree qualification but also to ensure that you have fun along the way. Our students come from 64 countries, so you will interact with and learn from people of diverse cultural backgrounds. The university offers a wealth of extra-curricular activities and life-enhancing experiences to enrich your university experience, and with almost 50 Clubs and Societies at UAEU, there is no shortage of opportunities to have fun outside of lectures and to make friends. UAEU's campus is a real community with multiple cafés and restaurants, retail and banking facilities, bright, modern campus residences, and exceptional athletic and recreational facilities.
- 6 A MAGNIFICENT NEW CAMPUS**

The new UAEU campus features the most modern architecture, zones for specialized research centers, cutting edge IT network infrastructure, classrooms and labs that feature the latest equipment and instructional technology to enhance student learning. There is also an expansive library offering vast physical and electronic resources, two world class health clubs equipped with latest fitness equipment, two Olympic sized swimming pools, as well as tennis, basketball, and badminton courts.
- 7 CUTTING-EDGE RESEARCH**

The UAEU is the nation's premier research university. We not only transmit knowledge to our students, but through our colleges and research centers we help to create new knowledge, work on developing new treatments for cancer, produce new technology for addressing the world's energy needs and develop new techniques for increasing the global food supply. Each year our historians and archaeologists help to discover and assess historical artifacts concerning the accomplishments and culture of the people from this part of the world. As a UAEU student, you will have the opportunity to work side by side with internationally known research faculty on these exciting projects.
- 8 COMMUNITY OUTREACH**

As the UAE's national university, UAEU recognizes the responsibility of the university and our graduates to contribute to the wellbeing of the broader community. We encourage our students and staff to give back to the community through civic engagement, public service, and research. The university helps students connect with volunteer and community service organizations in the student's particular area of interest.
- 9 CHOICE**

No university in the nation provides as many academic choices as UAEU. The university offers 52 Bachelor's degree programs, 31 Master's programs, a Doctor of Medicine (MD), a Doctor of Pharmacy (Pharm.D), a Ph.D program, and a Doctor of Business Administration (DBA) across a broad range of disciplines, including business, economics, education, engineering, food and agriculture, humanities, the social sciences, IT, law, medicine and health sciences, and the natural sciences. Many of our degree programs are unique to UAEU, and many of them are offered in unique combinations. Whatever your interests, talents, and goals, UAEU has a program to match.
